Collaboration with ECC

Organised By:

Interventional Cardiovascular Society of Malaysia

Live Transmission Centre:

Hospital Serdang

Dear colleagues and friends,

On behalf of the organising committee, it is my pleasure to invite you to attend **MYLIVE 2018** to be held from 26th – 28th July 2018 in Sheraton Petaling Jaya, Malaysia. This is the Interventional Cardiovascular Society of Malaysia (ICSM) annual scientific conference with Live Transmission. This is the 15th MYLIVE and in 2017 we have a successful meeting with more than 1000 delegates and 160 faculty members from the region and abroad to share the best practices and know-how for the betterment of cardiovascular care in the region.

The theme for MYLIVE 2018 is **Interventional Pearls** with the hope, delegates will be able to gain as much knowledge and wisdom as possible from experts and masters in interventional cardiologist to polish their practices and give the best care to their patients. In this two and half days meeting we will have many symposia, case sharing, how to treat sessions addressing each important topic - left main, bifurcation, chronic total occlusion, long and small vessel, calcified lesions, STEMI, structural and peripheral intervention, learning to integrate current evidence, and real world practices for optimal management of our patients. Local Live Transmission for MYLIVE 2018 will be from **Serdang Hospital**, a new national heart centre under Malaysian Ministry of Health.

Our colleagues are a mirror to us and we can gain tremendously by case sharing, thus there will be many **complication and case presentation sessions**. There will be session on expert makes mistake and another session on best of the worse. Other highlights in MYLIVE 2018 will be **how to treat sessions by the masters**, symposium on emerging technologies, joint symposium/teaching sessions with AICT, Asean CTO Club and interactive Asean PCI forum. There will also be symposium dedicated to cardiovascular technologist and nurses

There will be an exhibition of the latest devices and technologies, imaging modalities, innovation and hand on sessions on the use of these devices and technologies.

We thank you for your support and look forward to your presence in this exciting **MYLIVE 2018**. Your presence will certainly add value to the meeting and very much appreciated.

SELAMAT DATANG to Kuala Lumpur.

Professor Dr Wan Azman Wan Ahmad
FRCP, FNHAM, FAPSIC, FSCAI, FACC, FESC
Organising Chairman of MYLIVE 2018 and
